It is the night before Christmas and as the child sleeps quietly upstairs, Mother is preparing the family dinner for Christmas day. Father is busy moving presents from under the bed to underneath the tree and Grandma and Grandpa are busy helping wrap the presents. All the while, Father Christmas has landed on the roof and is about to climb down the chimney.

Christmas Wishes is a 2 x 1000 piece jigsaw puzzle collection produced by Kim Jacobs. 'Waiting for Santa' - As the snow falls gently on the ground outside, the children sit patiently, staring out of their bedroom window waiting for Santa to arrive. 'Festive Visit' - The outside of Hopeful Farm has been beautifully decorated using some of the ribbons and Christmas Wreaths that the passing lady has come to purchase.

2 IN A BOX

The Things we Love to Hate range is produced by the artist James Alexander and his hilarious artwork is fast becoming a favourite of ours here at Jumbo. This fabulous range illustrates a variety of things that we all love, but at the same time hate, and have been brilliantly illustrated in this collection of fantastic 1000 piece puzzles.

I-SPY PUZZLE

I-Spy is the fun and exciting concept where piecing together the 1000 piece jigsaw puzzle is only half the fun.

When you have finished piecing together the puzzle, you can enjoy a game of I-Spy with friends and family using the 8 I-Spy cards included.

The I-Spy cards ask you to find certain characters or what is happening in a certain part of the finished puzzle - Will you be able to find all the answers first?
